SUBJECT INDEX, VOLUME 135

- Acipenser fluvescens*, helminths and food habits of
lake sturgeon 274
- Alabama, hybridization in crappies 310
- Amphibians, effects of fire 253
- geographic variation of green treefrog 293
- historical changes in herpetofauna 81
- Arizona, habitat use and fidelity of striped
plateau lizard 68
- Arkansas, nest box use by squirrels 9
- Behavior, beaver food caching 343
- female aggression in meadow vole 1
- social group size of elk and habitat 261
- Birds, abundance and nesting success in CRP and
row-crop fields 153
- genetic structure of subpopulations of eastern
wild turkey 168
- California, habitat use by red tree vole 33
- Castor canadensis*, food caching behavior 343
- Caves, troglolitic crayfish 357
- Cervus elaphus*, social group size and habitat 261
- Dasyus novemcinctus*, road kills and indicators of
population structure 53
- Daucus carota*, dark central florets, insect
attraction and fruit production 122
- Ecology, animal, beaver food caching behavior 343
- bird abundance and nesting success in CRP
and row-crop fields 153
- bite force and diet in shrews 231
- effects of disturbance on macro-invertebrate
community 92
- effects of fire on small mammals and
amphibians 253
- effects of temperature on trout 283
- epizoid invertebrates on unionid bivalves 102
- factors affecting nest box use of squirrels 9
- forest in deer yards 181
- geographic variation of green treefrog 293
- habitat use by red tree vole 33
- habitat use of alligator snapping turtles 60
- habitat use of striped plateau lizard 68
- historical changes of herpetofauna 81
- home range size of bobcat 241
- hybridization in crappies 310
- invasion of meadow voles 14
- multiple nest boxes to sample white-footed
mice 376
- prehibernation habitat of Ozark big-eared bat 218
- response of masked shrews to precipitation 178
- small mammal use of strip intercropping 266
- social group size of elk and habitat 261
- Ecology, plant, pine-root biomass on barrier
island 205
- fire history of northern Great Plains 115
- forest in deer yards 181
- nutrient input and canopy removal 195
- succession on Mount St. Helens 172
- succession on coastal heathland and N-fixing
symbiosis 334
- variation in berry and seed production of high
bush blueberry 349
- Fire, history of northern Great Plains 115
- Fish, helminths and food habits of lake
sturgeon 274
- hybridization in crappies 310
- temperature effects on trout 283
- Florida, road kills as indicators of armadillo
population structure 53
- troglolitic cavefish 357
- Fungi, anther-smut disease of *Silene* spp. 130
- Genetics, genetic structure of populations of
eastern wild turkey 168
- genetic variation in *Ustilago violacea* 130
- Glaucomys volans*, nest box use 9
- Great Plains, fire history 115
- Hyla cinerea*, geographic variation 293
- Idaho, effects of disturbance on macro-
invertebrate community structure 92
- Insects, attracted to dark central florets of
Queen-Anne's lace 122
- effect of disturbance on community structure 92
- yellow jacket as seed disperser 367
- Invertebrates (other than insects), conglutinates
of freshwater mussel 370
- epizoid invertebrates on unionid bivalves 102
- Iowa, bird abundance and nesting CRP and row-
crop fields 153
- epizoid invertebrates on unionid bivalves 102
- small mammal use of strip intercropping 266
- Kansas, historical changes in herpetofauna 81
- Kentucky, impact of invasion of meadow vole on
southern bog lemming 19
- Louisiana, movements and habitat use of alligator
snapping turtle 60
- Lynx rufus*, home range size 241
- Macroclmys temminckii*, movements and habitat
use 60
- Macroinvertebrates, effects of disturbance on
community structure 92
- Mammals, armadillo population structure 53
- effects of fire 253
- factors affecting nest box use by squirrels 9
- female aggression in meadow vole 1
- growth and development of black-footed ferret 43

- habitat use by red tree vole 33
 home range size of bobcat 241
 invasion of meadow vole, impact on southern
 bog lemming 14
 raccoon response to live traps 23
 shrew bite force and diet 231
 social group size and habitat of elk 261
 small mammal use of strip intercropping 266
 Massachusetts, beaver food caching behavior 343
 N-fixing symbioses and coastal heathland
 succession 334
Meleagris gallopavo silvestris, genetic structure
 among subpopulations 168
 Mexico, helminths of Yarrow's spiny lizard 299
 Michigan, forest in deer yards 181
 nutrient input and canopy removal 195
 social group size of elk and habitat 261
Microtus pennsylvanicus, female aggression 1
 impact of invasion on southern bog lemming 14
Mustela nigripes, growth and development 43

 New York, floral phenology of dwarf ginseng 144
 Nova Scotia, variation in berry and seed
 production in highbush cranberry 349

 Oklahoma, prehibernation habitat use of Ozark
 big-eared bat 218
Oncorhynchus mykiss, temperature effects on 283

Panax trifolium, floral phenology of sex-
 changing 144
 Parasites, helminths of lake sturgeon 274
 helminths of Yarrow's spiny lizard 299
 Pennsylvania, effects of fire on small mammals
 and amphibians 253
 reponse of masked shrew to precipitation 178
Peromyscus leucopus, multiple nest boxes 376
Phenacomys longicaudus, habitat and microhabitat
 use 33
Plecotus townsendii ingens, prehibernation habitat
 use 218
Pomoxis annularis and *P. nigromaculatus*,
 hybridization 310
Procambarus erythrops, energy economy
 hypothesis in cave 357
Procyon lotor, response to live traps 23
Ptychobranchus greeni, conglutinates 370

 Reptiles, habitat of striped plateau lizard 68

 historical changes in herpetofauna 81
 helminths of Yarrow's spiny lizard 299
 movements and habitat use of alligator
 snapping turtles 60
 Rivers, epizoic invertebrates on unionid bivalves ... 102

Salmo trutta, temperature effects on 283
Sceloporus jarrovi, gastrointestinal helminths 299
Sceloporus virgatus, habitat use and fidelity 68
Sciurus carolinensis, nest box use 9
Silene alba and *S. virginica*, anther-smut-disease
 of 130
Sorex cinerius, response to precipitation 178
Sorex trobridgii, bite force and diet 231
 South Carolina, genetics of subpopulations of
 eastern wild turkey 168
 Statistics, tree-ring cross datings with first and
 second-difference turn tests 317
 Streams, effects of disturbance on
 macroinvertebrate community structure 92
 effects of temperature on trout 283
 Succession, N-fixing symbiosis and coastal
 heathland 334
 patterns on Mount St. Helens 172
Synaptomys cooperi, impact of invasion of meadow
 vole 14

 Texas, raccoon response to live traps 23
Trillium ovatum, yellow jacket as seed disperser .. 367

Ustilago violacea, anther-smut disease of *Silene*
 spp. 130

Vaccinium corymbosum, variation in berry and
 seed production 349
Vespula vulgaris, as seed disperser of *Trillium* 367
 Virginia, female aggression in meadow vole 1
 fine-root biomass on barrier island 205
 Volcanos, successional patterns on Mount St.
 Helens 172

 Washington State, plant succession on Mount St.
 Helens 172
 Wisconsin, helminths of lake sturgeon 274
 home range size of bobcat 241
 Wyoming, growth and development of black-
 footed ferrets 43
 effects of temperature on trout 283
